The classroom favourite is back – new and updated!

Tutor Systems has been a classroom favourite in Australian schools for over 30 years. MTA have now updated the series in conjunction with Wendy Bean, Education Consultant. 16 new titles are now available with revised content and design which reflect today's curriculum. Tutor Systems is an independent student activity with a self correcting feature. The activity includes Tutor Systems books and a set of tiles in a tray.

The new series covers four areas of literacy at four levels:

Phonics 1-4, Vocabulary 1-4, Spelling 1-4, Reading 1-4

Aimed at students in K/P/R to Y3.

How to Use Tutor Systems

1 Open the tray and place the tiles number side up in the lid of the tray. Pick up the tile that corresponds to the question you are answering. i.e. For Question 1 pick up Tile 1.

2 Select the correct answer to the question from a list of options. There will be a number indicated beside the answer.

3 With the number facing up, place the tile in the tray on the number indicated beside your chosen answer.

4 Close the lid and turn the tray over SIDEWAYS as indicated.

5 Open the lid and check your answers by comparing the pattern in the tray to the pattern illustrated in the book.

6 What if the pattern does not match?

- If the pattern does not match, some questions have been answered incorrectly.
- Turn over any tiles that do not match the pattern in the book, so the number can be seen.
- Close the lid and turn the tray over sideways.
- Take out the tiles that did not match the pattern and work out the answers again.
- When finished, turn the tray over sideways to check the pattern again.

Design and colour of tray may differ from image.

NEW

Tutor Systems Multi Pack

T725 **\$999.90** + \$99.99GST

This kit contains:

- 48 x Tutor Plastic Tray
- 6 x Reading Book 1
